CAREER SUMMARY

Experienced JavaScript Frontend Developer with expertise in developing responsive web applications using modern frameworks like React Native, React. Strong skills in HTML, CSS, and JavaScript, with a track record of delivering high-quality projects on time and within budget. Collaborative team player committed to developing scalable solutions that meet the needs of users and clients.

SKILLS

- HTML/CSS
- Vanilla JS
- JavaScript
- Tailwind
- Material UI
- Bootstrap
- Typescript
- Restful API
- React Native
- React
- Flutter
- Node
- Redux
- Context
- Hooks
- Jest
- mocha
- webdriverIO
- Figma
- Miro
- Confluence
- Gitlab
- Github
- Scrum
- Jira
- Trello

WORK EXPERIENCE

GLOBANT, Mexico   **2021 - Present**
Frontend Developer

- Contributed to the development of web and mobile applications using React Native, React.js, and JavaScript.
- Implemented state management with Redux, enhancing app performance and maintainability.
- Develop mobile applications using React Native, harnessing the power of hooks for efficient state management and code organization.
- Implemented unit testing strategies using Jest to maintain code quality and minimize post-release issues.
- Collaborated closely with UX/UI designers to implement responsive and visually appealing interfaces using Figma design assets, resulting in a 25% increase in user engagement.
- Conducted code reviews with team, fostering a culture of excellence in the team.
- Utilized Scrum methodology for project management, ensuring timely delivery and effective collaboration.
- Optimized app performance through profiling and debugging, resulting in a 20% reduction in load times.
- Integrated third-party APIs for enhanced functionality and user experience.
- Managed version control and collaboration using GitLab and documented project details in Confluence.
- Transitioned smoothly into Node.js development, complementing my existing front-end expertise and expanding my capabilities to create full-stack applications
